Bio

Keely Coyle is Senior Account Executive representing Halcyon Behavioral. Halcyon provides Employee Assistance Programs (EAP), self-funded Mental Health and Substance Abuse (MHSA) benefit administration and Wellness Programs. Our services are tailored for each client, providing the most efficient and affordable healthcare. With the merger of SimpleTherapy in 2022, she now also participates in sales and account management for our line of musculoskeletal (MSK) employee benefit offerings.

Halcyon’s focus on personalized, medically appropriate member care is at the foundation of every encounter that client members have with our organization. We believe that when care is tailored to an individual’s needs, they can find the stability and tranquility that enables success. The entire Halcyon Behavioral team is committed to making organizations healthier – one person at a time.
